

### Leaves Vegetable washer LW series

- ✓ Suitable for stem and leafy vegetables.
- ✓ Continuous, circulating water washing system.
- ✓ Air pressure with bubbling effect.
- ✓ Intelligent Filtration.
- ✓ Mechanical filter ( LW-44 only )
- ✓ Minimal water consumption because of recycling.
- ✓ Stainless steel construction.
- ✓ Insect & hair remover system.
- ✓ Dewatering antibacterial conveyor belt.
- ✓ Wastes sink for dirt, sand and etc. With screw device ( LW-44 only )
- ✓ 3 pcs directional control valve.
- ✓ Discharge with Air knife ( LW- 43 only )

- ✓ Temperature control ( **optional** )
- ✓ Electrical valve ( **optional** )
- ✓ Control networking system ( **optional** )

Specifications: For type “A”

model	LW- 41	LW-43	LW-44
Total Electricity Consumption	3.5 kWh	5 kWh	3.8 kWh
Washing rate	200~ 600 kg/h		
Dimension	L3900 – W 1280 – H 1800mm		

## Vegetable Processing Equipment

Specifications: For type “B”

model	LW- 41	LW-43	LW-44
Total Electricity Consumption	4.9 kWh	6.4 kWh	5.3 kWh
Washing rate	500~ 1500 kg/h		
Dimension	L4580 – W 1280 – H1830mm
